THE PROGRAM

How the Fundraiser Works

A straightforward pre-order model designed for youth sports teams.

One tumbler. One simple split.

Each custom 20 oz skinny tumbler is sold for \$22. The team keeps \$10 from every sale and pays Stroky P Design \$12 per tumbler ordered. There are no percentage calculations for families to figure out.

1 Choose the look

Select team colors, sport themes, and approved team artwork. Player names or numbers can be incorporated when the chosen design allows.

2 Open team sales

Players use a printed order form and/or team-approved digital promotion to take pre-orders from supporters.

3 Collect orders

The team coordinator keeps one master count of designs, names/numbers, quantities, and payments.

4 Submit the final order

Send the consolidated order to Stroky P Design. Artwork details are confirmed before production.

5 Production

Production begins after the final order, design approval, and payment due to Stroky P Design are received.

6 Team distribution

Finished tumblers are delivered or picked up as arranged, and the team distributes them to its supporters.

Recommended sales window

A 10- to 14-day sales window is easy for most teams to manage. The exact start date, end date, delivery plan, and design choices are agreed on before the fundraiser launches.

THE NUMBERS

What Your Team Can Earn

Every tumbler sold adds \$10 directly to the team fundraiser.

Fundraising earnings at a glance

Why tumblers are an easy product to promote

- Team-branded merchandise gives parents and supporters something useful they can keep long after the season.
- The \$22 selling price is simple to communicate, and the \$10 team profit is easy for players and parents to remember.
- Multiple design choices can help the fundraiser appeal to parents, grandparents, alumni, friends, and local supporters.
- Pre-orders let the team build its final order from actual sales instead of guessing how many pieces to stock.

WHAT YOU GET

Designed to Be Easy for the Team

Stroky P Design handles the product artwork and production; the team focuses on selling.

STROKY P DESIGN

- Creates the approved tumbler artwork for the fundraiser.
- Produces the custom 20 oz sublimation tumblers from the final submitted order.
- Provides a clear per-tumbler cost of \$12 under this fundraiser program.
- Can provide a simple printable order sheet and basic promotional wording for the team campaign.
- Confirms the final production and handoff plan with the team coordinator.

THE TEAM / BOOSTER CLUB

- Chooses the fundraiser dates and one main team coordinator.
- Obtains permission to use any team logo, mascot, sponsor mark, or other protected artwork supplied for the designs.
- Promotes the fundraiser and collects customer orders and payments.
- Checks spelling, player names, numbers, design choices, and quantities before submitting the final order.
- Pays Stroky P Design \$12 for each tumbler in the final order and keeps the remaining \$10 per sale.

Design possibilities

TEAM PRIDE

Team colors, sport graphics, season/year, slogans, and approved logos.

PLAYER OPTIONS

Where appropriate, designs can include a player name, jersey number, or position.

SUPPORTER STYLES

Offer a small mix of designs so customers can choose a look they like while still supporting the team.

Optional items are agreed on before launch

Special packaging, individual shipping, rush production, or other add-ons are not included in the \$12 base tumbler amount unless specifically agreed to in writing before the team begins selling. This keeps the team profit structure clear from the start.

START A FUNDRAISER
